Asia's most influential platform dedicated to the screen and digital printing industry

DS Printech China is a rebranding of two existing events: the 30 year-plus **CSGIA** and the concurrent **Textile Digital Printing China**. The new fair will take place in **Shenzhen**, one of the core cities of the Greater Bay Area, in 2020.

Accounting for **1/6** of the country's production value, over **10,000** printing companies form a digital printing hub in the Greater Bay Area cities of Guangzhou, Shenzhen, Foshan, Dongguan, Jiangmen and Huizhou. Leveraging the strengths and resources of each city, the fair will provide an enormous drive to China's printing industry development.
